Bus Times: Published in early June. Last year's bus times are online, but times change from season to season.

AM: Buses wait at a bus stop for no longer than 2 minutes, before moving on to the next stop.

PM: Campers are never left unattended at a central drop-off area. Bus staff and drivers make sure all children are safely in their parents care before the bus departs. If a parent is not at the location at drop-off time, the camper remains on the bus route while we contact you.

Pre Week & Post Week: There are less buses operating during these weeks, due to lower camper enrollment. Available bus stops are listed in the registration application, and you can contact us for more info.
