

## 2020 BLUE SPACE SONGS

### *Alma Mater: Young, Dumb, and Broke*

So we are back at our camp  
Just like we hoped we'd be  
Finally not quarantined  
So many friends to see  
So much to do this summer  
We don't know where to start  
So now that we're together  
We'll tell you from our hearts

While we're at camp  
Ga-Ga champions  
At camp  
Hitting home runs  
At camp  
Fun in the sun  
WE LOVE LLDC  
Ya dada dada dadada  
Ya dada dada dada  
Ya dada dada dadada  
WE LOVE LLDC

Oh how we've missed the slushies  
And riding the zip line  
Feather and fur with Eileen  
Having fun all the time  
Building boats out of cardboard  
Hitting a hole in one  
Pulling hard in tug of war  
Every day in the sun

While we're at camp  
GaGa champions  
At camp  
Hitting home runs  
At camp  
Fun in the sun  
WE LOVE LLDC  
Ya dada dada dadada  
Ya dada dada dada  
Ya dada dada dadada

### WE LOVE LLDC

Jump in the pool, counting laps for the  
swim-a-thon  
Thon  
Rapping on stage, spitting bars that I  
wrote with Ron  
Ron  
Woah oh oh  
We're so happy camps open  
To make more memories  
We want to thank you Andy  
We're living out our dreams

While we're at camp  
GaGa champions  
At camp  
Hitting home runs  
At camp  
Fun in the sun  
WE LOVE LLDC  
Ya dada dada dadada  
Ya dada dada dada  
Ya dada dada dadada  
WE LOVE LLDC

### **BLUE CHANT**

It's a bird, it's a plane, it's a UFO!  
It's the blue team and we're ready to go!  
We're from outer space and we got star  
power  
We rain down on earth like a meteor  
shower!  
One small step for LLDC...  
One giant leap for the Blue Team!

## Spirit Song: Ocean Avenue

Above the Earth there is a place that gleams  
It's filled with stars and the extreme blue  
team  
In between the planets we shine so  
bright  
In our rockets blasting through the...  
night  
Victory in... sight

There's a place in a galaxy far (far -  
maybe remove this extra far) away  
Where jedi's play-with lightsabers all day  
We're the good guys, we will win this  
fight  
Taking the crown, at the speed of... light  
Victory in... sight

We're up in outer space, blue team  
forever  
We'll win color war, best summer ever  
Got spirit from camp up to the milky  
way

Up in a black hole blue is all you see  
Everywhere blue goes, we crush the  
other teams  
See a shooting star that's just *the* blue  
gleam  
Always working hard, never out of...  
steam  
Can't beat us in your... dreams

We're up in outer space, blue team  
forever  
We'll win color war, best summer ever  
Other teams they try, but are second  
best  
Got spirit from camp up to the milky  
way

\*Instrumental break\*

In space with the blue team  
Area 51 with the aliens  
Space Jam with Micheal Jordan  
The moon... the sun  
Star Wars taught us about teamwork  
Bill Nye taught us aspiration  
Star Trek taught us friendship  
Blue team, star points

We're up in outer space, blue team  
forever  
We'll win color war, best summer ever  
Other teams they try, but are second  
best  
Got spirit from camp up to the milky  
way
